**CAREER AND TECHNOLOGY  
EDUCATION**

The Board may enter into contracts with other public school districts, public or private postsecondary institutions, or trade or technical schools regulated by the state to provide career and technology education for School students, as designated in the state plan for career and technology education.

Education Code 29.184(a)

**STUDENTS WITH DISABILITIES**

The Superintendent may contract or develop working relationships with other organizations when comprehensive special education services are required for any TSD student.

Education Code 29.008(a)

**DRIVER TRAINING SCHOOLS**

The School may enter into an agreement with a licensed driver training school to allow the driver training school to conduct a driver training course at TSD.
